**INSTRUCTIONS FOR COMPLETING SCHEDULE SUPPLEMENTAL BOND/NOTE AND LEASE INFORMATION  
FOR INDUSTRIAL DEVELOPMENT AGENCIES AND AUTHORITIES**

The Supplemental Information follows the Maturity Schedule and is required to be completed for each project begun in 1990 and thereafter for which debt was issued, outstanding or retired during the fiscal year or any straight lease agreement which was entered into since 1990 and thereafter and is outstanding. (Photocopy additional sheets if needed).

1. On the Schedule of Supplemental Information, the name of the project, the name of the project owner, and the project owner's address must be completed for all projects begun in 1990 and thereafter. This information should be current and reflect any changes since the project was undertaken. The project code must be established and reported for all projects started in 1998 and thereafter. Refer to separate instructions for coding structure for IDA project identification numbers. This code should also be used to identify the project in reporting project activity to other state agencies or departments.
2. The project purpose code should be taken from the list on the top of pages 11 and 12 of the annual report forms. The definitions for the codes follows these instructions.
3. Total Project Amount is the cost of the entire project.
4. Benefitted Project Amount is Total Project Amount less any project costs that will not result in an IDA-derived benefit. For example, items included within the project amount that are not sales taxable (e.g. service, such as legal, architectural, engineering) or do not result in an increase in the real property assessment.
5. Bond or Note Amount is the original principal amount of bond or note issued.
6. Show the federal tax status of each bond or note using the codes on top of page 11.
7. Not-for-Profit Organization status of project occupant should be indicated by putting a "yes" in the not-for-profit column.
8. New Tax Revenue If No Exemptions Granted refers to the amount of tax revenues a project would generate if the project did not receive any tax exemptions.
9. Method of Financial Assistance Other Than Tax Exemptions or other economic benefits-can be detailed on another page if necessary.
10. Tax exemptions refer to the total dollar amount of exemptions received during the year for which the report is being completed. For real property tax exemptions, please indicate the total amount of taxes for which the project would have been liable if the IDA was not involved. Do not deduct amounts paid pursuant to any payment in lieu of taxes (PILOT) agreements. Real property tax exemptions must be shown for all projects including those to which PILOTS are made.
11. Total Real Property Tax Exemptions Net of RPTL section 485-b Exemptions is the amount of real property tax exemptions the project received as a result of IDA status, i.e., deduct from the IDA exemption the amount of any real property tax exemptions the project would have received, irrespective of IDA involvement.
12. Each project where a PILOT is made must be listed on pages 11b and 12b.  
-- code 1 (all local units); -- code 2 (selected local units)
13. FTE Jobs Created and Retained-report the number of full time equivalent jobs.
