Section E: Representations and Certification by Applicant

<u>Peter Dolgos</u> (name of authorized representative of the Applicant submitting application) deposes and says that he/she is <u>Senior Vice President</u> (Title) of <u>NY Plattsburgh I, LLC</u> (hereinafter referred to as the "Applicant"), the corporation/partnership/limited liability company named in this Application; that he/she has read the foregoing Application and knows the content thereof, that the same is true to his/her knowledge.

Deponent further says that the reason this verification is made by the deponent and not by the Applicant is because the said Applicant is a legal entity - corporation/partnership/limited liability company - as opposed to an actual person. The grounds of the deponent's belief relative to all matters in said Application which are not upon his/her own personal knowledge are investigations which deponent has caused to be made concerning the subject matter of the Application as well as acquired by the deponent in the course of his/her duties, as an officer and from the books and papers of the Applicant.

On behalf of said Applicant, deponent acknowledges and agrees that the Applicant shall be and is responsible for all costs incurred by the County of Clinton Industrial Development Agency (hereinafter referred to as the "Agency") acting on behalf of the attached application whether or not the application, the project it describes, the attendant negotiations and financial assistance is carried to successful conclusion. If, for any reason whatsoever, the Applicant fails to conclude or consummate necessary negotiations or fails to act within a reasonable or specified period of time to take reasonable, proper, or requested action or withdraws, abandons, cancels, or neglects that application (or if in cases of bonds the Agency or the Applicant are unable to find buyers willing to purchase the total bond issue requested), then, and in that event, upon presentation of invoice, the Applicant shall pay to the Agency, its agents or assigns all actual costs involved in conduct of the application, up to that date and time, including fees of Agency counsel. A nonrefundable filing fee of \$1,500 is required with this application, of which, \$750 will be applied to the project closing costs (Make check payable to: County of Clinton IDA). Upon successful closing of the transaction and/or sale of the required bond issue, the Applicant shall pay to the Agency an administrative fee set by the Agency not to exceed an amount equal to .75% of the total benefited transaction. The cost incurred by the Agency and paid by the Applicant, including the Agency's counsel and the administrative fee, may be considered as a cost of the project and included as part of the resultant transaction. The Applicant should also be aware that the Applicant is responsible for all fees and legal costs incurred by the Agency for re-conveyance of titles at the end of the project. The Agency reserves the right to visit the project site on an annual basis during the benefit period.

Agency Financial Assistance Required for Project. The Project would not be undertaken but for the Financial Assistance provided by the Agency or, if the Project could be undertaken without the Financial Assistance provided by the Agency, then the Project should be undertaken by the Agency for the following reasons:

If the project is assessed at fair market value, the project is uneconomical or will not be built. We want a standard PILOT payment adopted that is economical for project while compensating the taxing jurisdictions. The sales tax abatement and mortgage tax exemption would further incentivize development of this project and additional projects in the county.

<u>Relocation or Abandonment</u>. The provisions of subdivision one of Section 862 of the General Municipal Law will not be violated if Financial Assistance is provided for the Project.

Compliance with Article 18-A of the New York General Municipal Law. The applicant confirms and hereby acknowledges that as of the date of this application, the applicant is in substantial compliance with all provisions of

Article 18-A of the New York General Munucipal Law, including, but not not limited to, the provision of Section 859-a and Section 862(1)thereof.

Compliance with Federal, State, and Local Laws. The applicant is in substantial compliance with applicable local, state, and federal tax, worker protection, and environmental laws, rules, and regulations.

False or Misleading Information. The applicant understands that the submission of any knowingly false or knowingly misleading information may lead to the immediate termination of any Financial Assistance and the reimbursement of an amount equal to all or part of any tax exemptions claimed by reason of Agency involvement in the Project.

Absence of Conflicts of Interest. The applicant acknowledges that the members, officers and employees of the Agency are listed on the Agency's website. No member, officer or employee of the Agency has an interest, whether direct or indirect, in any transaction contemplated by this Application, except as hereinafter described:

Additional Information. Additional information regarding the requirements noted in this Application and other requirements of the Agency is included the Agency's Policy Manual which can be accessed at http://www.clintoncountyida.com/.

I affirm under penalty of perjury that all statements made on this application are true, accurate and complete to the best of my knowledge.

RIGHARD W. OHUN Netary Public, State of New Yor No. 02CH6116187

Qualified in Nassau County Commission Expires September 26, 2020

Note to Applicant:

The 2013 New York State Budget, enacted on March 28, 2013, established new recordkeeping, reporting, and recapture requirements for industrial development agency projects that receive New York State ("NYS") sales tax exemptions, including projects granted assistance by County of Clinton Industrial Development Agency ("CCIDA").

These new NYS sales tax recording and reporting requirements for industrial development agency projects include the following requirements:

- CCIDA must keep records of the amount of sales tax benefits provided to each project and make those records available to NYS upon request.
- CCIDA must report to NYS, within 30 days after providing financial assistance to a particular project, the amount of sales tax benefits expected to be provided to such project.
- CCIDA must post on the internet and make available without charge copies of its resolutions and project agreements.

The legislation now requires that CCIDA to recapture NYS sales tax benefits where:

- The project is not entitled to receive those benefits;
- The exemptions exceed the amount authorized by CCIDA, or are claimed for unauthorized property or services; or
- The project operator failed to use property or services in the manner required by its agreements with CCIDA.

What this means for CCIDA Projects:

- Companies requesting a sales tax exemption from CCIDA must include in their application the value of the savings they anticipate receiving. Note that the new regulations require that CCIDA must recapture any benefit that exceeds the amount listed in a company's application. Accordingly, please ensure that you provide a realistic estimate of the sales tax exemptions which you are requesting.
- Projects subject to recapture must remit payment within 20 days of a request from CCIDA.
- All project agreements and resolutions will now be publicly available on CCIDA's website.
- CCIDA's policy has always been to allow project operators to request certain information
 be reducted if the project can demonstrate that its release would result in substantial harm
 to the project's competitive position.

^{*}Note: Per the CCIDA UTEP, all Project receiving sales tax benefits are required to submit their ST-340s or risk losing said benefit.
